Access Control / Components

ALPEMS1200 - Compact Shearlock Magnet EMS1200

\$471.50

The Alpro EMS1200 compact shearlock magnet is available in mortice or surface mount models (including glass mount) and offer slimline dimensions whilst maintaining high physical security.

Independently tested to 500,000 cycles, the compact size combined with 1200kg of proven shear holding force makes this compact shearlock both innovative and easy to install.

AT1G26-200 - Baran: Self contained access control keypad

\$431.25

EA280 - ABLOY Power Transfer

\$71.30

Specifications

- Steel with Bright Chrome finish.
- Max diameter of cable 7.5mm.
- Max opening angle of door < 120°.
- Distance between pin hinge & door frame < 20mm.

EZYAC1 - "Auto" Series Switch - On/Off LW5 KD

\$469.58

AUTOMATIC DOOR SERIES KEY SWITCHES.

On/Off Key switch, key removable in 2 positions.

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.
- Complete switch supplied with 2 keys.

EZYAC2 - "Auto" Series Switch - Spring Return LW5 KD

\$469.58

AUTOMATIC DOOR SERIES KEY SWITCHES.

Momentary switch

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.
- Complete switch supplied with 2 keys.

EZYAC5 - "Auto" Series Switch - 4 Pos Auto Door LW5 KD

\$469.58

AUTOMATIC DOOR SERIES KEY SWITCHES.

Open, Auto, Exit, Lock key removeable in 4 positions switch

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.
- Complete switch supplied with 2 keys.

EZYA1 - "Auto" Series Switch - On/Off - Less Cylinder

\$362.00

AUTOMATIC DOOR SERIES KEY SWITCHES.

On/Off Key switch, key removable in 2 positions.

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.

EZYA2 - "Auto" Series Switch - Spring Return - Less Cylinder

\$362.00

AUTOMATIC DOOR SERIES KEY SWITCHES.

Momentary switch

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.

EZYOA1 - "Oval" Series Switch - On/Off (Less Cylinder)

\$244.75

Oval Series Key Switch - Less Cylinder.

Lazy Cam (1 N/O, 1 N/C changeover).

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.

EZYOA2 - "Oval" Series Switch - Spring Return (Less cylinder)

\$244.75

Oval Series Key Switch - Less Cylinder.

Spring Return (1 N/O, 1 N/C changeover).

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.

EZYOA3 - "Oval" Series Switch - 2 Way Spring Return (Less Cyld)

\$244.75

Oval Series Key Switch - Less Cylinder.

EZYOA3 - Spring Return to Centre "ON / OFF / ON".

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.

EZYO4 - "Oval" Series Switch - Captive Key (Less Cylinder)

\$244.75

Oval Series Key Switch - Less Cylinder.

EZYO4 - Captive Key 1 N/O, 1 N/C Changeover.

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.

EZYA5 - "Auto" Series Switch - 4 Pos Auto Door - Less Cylinder

\$362.00

AUTOMATIC DOOR SERIES KEY SWITCHES.

Open, Auto, Exit, Lock key removeable in 4 positions switch

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.

EZYAC3 - "Auto" Series Switch - 2 Way Spring Return LW5 KD

\$469.58

AUTOMATIC DOOR SERIES KEY SWITCHES.

2 way Spring return to middle switch

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.
- Complete switch supplied with 2 keys.

EZYA3 - "Auto" Series Switch - 2 Way Spring Return - Less Cylinder

\$362.00

AUTOMATIC DOOR SERIES KEY SWITCHES.

2 way Spring return to middle switch

Specifications

- Maximum current ratings: AC1 10 amp 440v, DC1 10 amp 24v.
- Maximum 2 x 1.5mm wires per terminal.

WAVbi8000CA - No Key Override Aust 60/90mm Prox/Code

\$1,006.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

WAVbi8108CA - Key Override Aust 90mm Prox/Code

\$1,006.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

WAVbi8102PA - Key Override Aust 60mm Prox

\$914.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

WAVbi8010CA - No Key Override Euro Prox/Code

\$1,029.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

CL5510 - Codelock Smart Electronic Tubular Mortice Latch

\$1,175.30

The SMART Lock CL5510 makes access control easier, offering flexibility and convenience by providing a range of entry methods

Specifications

- Battery Status Monitor via App.
- Batteries: 4 x AA Cells.
- Low Battery Warning.
- Memory Stores: 350 different Clients, 100 codes, 150 cards, 150 phone clients.
- Spindle Type 8 mm (5/16") spring loaded spindle.
- Material: Zinc Alloy.
- Door Thickness: 35 mm – 60 mm (13/8" – 23/8").
- Latch Options: 60 mm (23/8") and 70 mm (23/4").
- Buttons 12 button back-lit keypad.

CL4510 - Codelock Smart Electronic Tubular Mortice Latch

\$918.85

Smart locks get smarter. The CL4500 range of locks offers the Codelocks smart lock features but in a smaller, sleeker lock model.

Specifications

- Battery Status Monitor via App.
- Batteries: 4 x AA Cells.
- Low Battery Warning.
- Memory Stores: 350 different Clients.
- Spindle Type 8 mm (5/16") spring loaded spindle.
- Material: Zinc Alloy.
- Door Thickness: 35 mm – 60 mm (13/8" – 23/8").
- Latch Options: 60 mm (23/8") and 70 mm (23/4").
- Buttons 12 button back-lit keypad.

Viro Van Lock

\$920.00

NOTE: At Levco these Viro Van Locks can be adapted to take other types of high security keys systems (Abloy, BiLock and more). - Please inquire with us about this service.

Specifications

- Body: One-piece, electropolished stainless steel, oval shape without edges.
- Plug: 7 pin brass plug, with case-hardened, tempered, copper, nickel and chrome plated steel burglar-resistant anti-drill plate.
- Keys: Nickel plated brass with easy to handle grip (even when wearing gloves) with Viro Top Security profile (3 keys supplied).
- Weight: 1980 gs.
- Dimensions: 88(H) x 125(W) x 44.7(D) mm.

KL1000 RFID Kitlock Smartlock Card Access

\$235.45

The KL1000 RFID is a simple, smart card KitLock providing codeless access to lockers, cabinets, cupboards and enclosures.

The KL1000 RFID KitLock offers functions for single users (Private Function) and short-term use by multiple users (Public Function). The KL1000 RFID is easy to fit to replace an existing cam lock, or fit to a new locker or cabinet that does not have an existing locking device. The lock will perform up to 15,000 openings on just two AAA batteries.

Private Function

This is intended for use where there is a single user. Up to 50 individual MIFARE™ cards can be registered on the lock and only those registered cards can continue to unlock that lock. The Master User Card is used to open a lock, register a new User Card and remove a User Card. The Technician Card is not available in this function. Dedicated and existing MIFARE™ cards can be used, no need to purchase new smart cards.

Public Function

Suitable for short-term use by different users. Touch a MIFARE™ smart card to lock the lock and then use the same card to unlock the lock, leaving the lock in that unlocked state for any other compatible card to be used. Pre-registration of the card is not required and any new or existing MIFARE™ card, fob or wristband can be used. Suitable for use in short-term multi-occupancy applications such as leisure centres, spas and hotels.

Go Keyless. Go KitLock.

LIW AACYL - Lock it Well A series Abloy cylinder only

\$86.24

Abloy cylinder to suit Lock it Well A series key switches

LIW ABCYL - Lock it Well A series Bilock cylinder only

\$158.67

Bilock cylinder to suit Lock it Well A series key switches

LIW ACCYL - Lock it Well A series 6 pin inline cylinder only

\$86.24

6 pin inline cylinder to suit Lock it Well A series key switches.

This cylinder **does not** come with a plug

CLXT1 - PINGuard™ by Codelocks XT1

\$36.42

Suitable for CL100, CL200 and CL2000.

Flexible, high grade polymer weather covers with additional code protection privacy. PINGuard™ by Codelocks' range of covers are now available in three sizes to suit a wide range of Codelocks mechanical and electronic locks. The covers provide additional PIN security whilst also protecting your Codelocks from adverse weather conditions.

Suitable for the CL100, CL200 & CL2000.

The covers are flexible, high grade polymer that fit behind the lock, improving the gasket seal and preventing water ingress making them an ideal external accessory to your Codelocks digital standalone lock.

Protect Your PIN

Keep prying eyes away from your entry code! Add to external and internal doors where the PIN needs protecting from view.

Protect Your Lock

PINGuard™ by Codelocks significantly reduces the effects of water ingress. The added weather protection will extend the life of your lock. Protect the finish, the keypad and overall appearance of your Codelocks product. Small, medium and large PINGuard™ by Codelocks available, suitable for external applications; gates, sheds, out buildings, work sites etc.

CLXT2 - PINGuard™ by Codelocks XT2

\$36.42

Suitable for the CL500.

Flexible, high grade polymer weather covers with additional code protection privacy. PINGuard™ by Codelocks' range of covers are now available in three sizes to suit a wide range of Codelocks mechanical and electronic locks. The covers provide additional PIN security whilst also protecting your Codelocks from adverse weather conditions.

Suitable for the CL500 range.

The covers are flexible, high grade polymer that fit behind the lock, improving the gasket seal and preventing water ingress making them an ideal external accessory to your Codelocks digital standalone lock.

Protect Your PIN

CL100B - ABLOY Sentry - Cam Lock

\$52.33

Specifications

- Cam turns: 90°/180°, key removable in locked position only.
- Number of discs: 11.
- Cylinder housing: Brass.
- Universal range of cams (ordered separately).
- Finish: Chrome Plate.

CL103B - ABLOY Sentry - Cam Lock

\$58.08

Specifications

- Cam turns: 90°/180°, key removable in locked position only.
- Number of discs: 11.
- Cylinder housing: Brass.
- Universal range of cams (ordered separately).
- Finish: Chrome Plate.
- Overall Length: 43 mm.
- Maximum Door Thickness: 19.5 mm.
- Cam Distance: 28.5 mm.

CL104B - ABLOY Sentry - Cam Lock

\$52.33

Specifications

- Cam turns: 90°/180°, key removable in locked position only.
- Number of discs: 9.
- Cylinder housing: Brass.
- Universal range of cams (ordered separately).
- Finish: Chrome Plate.
- Overall Length: 33 mm.
- Maximum Door Thickness: 9.5 mm.
- Cam Distance: 18.5 mm.

CL104C - ABLOY Classic - Cam Lock

\$64.98

Specifications

- Cam turns: 90°/180°, key removable in locked position only.
- Number of discs: 9.
- Cylinder housing: Brass.
- Universal range of cams (ordered separately).
- Finish: Chrome Plate.
- Overall Length: 33 mm.
- Maximum Door Thickness: 9.5 mm.
- Cam Distance: 18.5 mm.
- Supplied: Assembled with 2 x Keys.

CL290B - ABLOY Sentry - T-Handle Cylinder (Spring Loaded Latch)

\$103.50

Specifications

- Cylinder housing: Chrome-plated steel case.
- Cylinder face: Hardened chrome plated steel.
- Latch: Nickel-plated steel.

OF230C - ABLOY Classic - Vega Cabinet Lock

\$94.88

Specifications

- Number of discs: 11.
- Cylinder housing material: Zinc.
- Cylinder housing finish: Chrome.
- Bolt material: Steel Bolt, Finish: Nickel plated.
- Type of bolt: Flat.
- Maximum door thickness: 25 mm.
- Bolt projection: 9 mm.
- Cylinder diameter: 20 mm.

OF231B - ABLOY Sentry - Vega Cabinet Lock "Sprung Latch"

\$80.50

Specifications

- Number of discs: 11.
- Cylinder housing material: Zinc.
- Cylinder housing finish: Chrome.
- Bolt material: Brass.
- Type of bolt: Sprung Latch.
- Maximum door thickness: 25 mm.
- Bolt projection: 7 mm.
- Cylinder diameter: 20 mm.

OF231E - ABLOY Exec - Vega Cabinet Lock "Sprung Latch"

\$112.70

Specifications

- Number of discs: 11.
- Cylinder housing material: Zinc.
- Cylinder housing finish: Chrome.
- Bolt material: Brass.
- Type of bolt: Sprung Latch.
- Maximum door thickness: 25 mm.
- Bolt projection: 7 mm.
- Cylinder diameter: 20 mm.

OF231N - ABLOY Protec - Vega Cabinet Lock "Sprung Latch"

\$112.70

Specifications

- Number of discs: 11.
- Cylinder housing material: Zinc.
- Cylinder housing finish: Chrome.
- Bolt material: Brass.

\$131.68

Specifications

- Number of discs: 11.
- Cylinder housing material: Zinc.
- Cylinder housing finish: Chrome.
- Cylinder material: Zinc.
- Cylinder finish: Chrome.
- Type of bolt: Stainless Steel.
- Maximum door thickness: 32 mm.
- Bolt projection: 12 mm.
- Cylinder diameter: 22 mm.

OF431B - ABLOY Sentry - Vega Push Button Lock

\$152.95

Specifications

- Number of discs: 11.
- Cylinder housing material: Zinc.
- Cylinder housing finish: Chrome.
- Cylinder material: Zinc.
- Cylinder finish: Chrome.
- Type of bolt: Stainless Steel.
- Maximum door thickness: 2-9 mm.
- Bolt projection: 12 mm.
- Cylinder diameter: 22 mm.

OF431E - ABLOY Exec - Vega Push Button Lock

\$161.00

Specifications

- Number of discs: 11.
- Cylinder housing material: Zinc.
- Cylinder housing finish: Chrome.
- Cylinder material: Zinc.
- Cylinder finish: Chrome.
- Type of bolt: Stainless Steel.
- Maximum door thickness: 2-9 mm.
- Bolt projection: 12 mm.
- Cylinder diameter: 22 mm.

OF432B - ABLOY Sentry - Vega Push Button Lock

\$161.00

Specifications

- Number of discs: 11.
- Cylinder-housing material: Brass.
- Cylinder housing finish: Satin chrome.
- Cylinder material: Zinc.
- Cylinder finish: Satin chrome.
- Bolt projection: 14 mm.
- Cylinder diameter: 22 mm.

OF432N - ABLOY Protec - Vega Push Button Lock

\$161.00

Specifications

- Number of discs: 11.
- Cylinder-housing material: Brass.
- Cylinder housing finish: Satin chrome.
- Cylinder material: Zinc.
- Cylinder finish: Satin chrome.
- Bolt projection: 14 mm.
- Cylinder diameter: 22 mm.

DC270 - ABLOY Door Closer. EN 6-7

\$2,354.05

DC330 - ABLOY Door Closer. EN 1-4

\$576.15

ABLOY DC330 can be adjusted to meet requirements of light opening resistance; for example the DDA (disability Discrimination Act) in the UK.

Maximum door weight is 80 kg and door leaf width 1100 mm with sliding arm installation.

CY406N - ABLOY Protec - Key-In-Knob cylinder

\$109.83

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome.

CY410T - ABLOY Protec2 - Key-In-Knob cylinder

\$161.00

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome.

CY503N - ABLOY Protec - Australian Cylinder

\$151.23

This cylinder is used for hold back applications on Lockwood 3570 & 3580 series mortice locks.

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome Brushed.

CY801N - ABLOY Protec - Australian Cylinder

\$133.98

This cylinder is used in the Lockwood 530 Series Key in Knob Locksets and the 930/950 Series Key in Lever Locksets.

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome Brushed.

PL321C - ABLOY Classic - Padlock with 20mm shackle

\$106.95

Specifications

- Body Material: Brass.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.
- **Display packed with 2 x Classic Keys.**

Shackle

- Material: Stainless Steel.
- Finish: Chrome
- Diameter: 5 mm.
- Vertical Clearance: 20 mm.
- Horizontal Clearance: 18 mm.

PL330C - ABLOY Classic - Grade 3 Padlock with 25mm shackle

\$177.10

Specifications

- Body Material: Brass.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.
- Display Packed with 2 x Classic Keys.

Shackle

- Material: Case-hardened boron steel.
- Finish: Chrome.
- Diameter: 8 mm.
- Vertical Clearance: 25 mm.
- Horizontal Clearance: 25 mm.

PL330N - ABLOY Protec - Grade 3 Padlock with 25mm shackle

"Unassembled"

\$197.80

Specifications

- Body Material: Brass.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.
- Can be master-keyed with door cylinders.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Finish: Chrome.
- Diameter: 8 mm.
- Vertical Clearance: 25 mm.
- Horizontal Clearance: 25 mm.

PL330N/50 - ABLOY Protec - Grade 3 Padlock with 50mm shackle

"Unassembled"

\$204.13

Specifications

- Body Material: Brass.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.
- Can be master-keyed with door cylinders.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Finish: Chrome.
- Diameter: 8 mm.
- Vertical Clearance: 50 mm.
- Horizontal Clearance: 25 mm.

PL340N - ABLOY Protec - Grade 4 Padlock with 25mm shackle

"Unassembled"

\$287.50

Specifications

- Body Material: Case-Hardened steel.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Diameter: 10 mm.
- Vertical Clearance: 25 mm.
- Horizontal Clearance: 28 mm.

PL342N - ABLOY Protec - Grade 4 Padlock with 25mm shackle

"Unassembled"

\$402.50

Specifications

- Body Material: Case-Hardened steel.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.
- Can be master-keyed with door cylinders.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Finish: Chrome.
- Diameter: 10 mm.
- Vertical Clearance: 25 mm.
- Horizontal Clearance: 25 mm.

PL350N - ABLOY Protec - Grade 5 Padlock with 25mm shackle

"Unassembled"

\$465.75

Specifications

- Body Material: Case-Hardened steel.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.
- Can be master-keyed with door cylinders.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Finish: Chrome.
- Diameter: 14 mm.
- Vertical Clearance: 50 mm.
- Horizontal Clearance: 31 mm.

LC208 - ABLOY Security Mortice Latch

\$192.05

Mortise latch with lever handle function only.

LC211 - ABLOY Security Mortice Lock

\$302.45

Security mortice lock case (comparable with security grade 5 according to EN 12209) with hardened deadbolt and drilling protection.

LC300 1.3 - ABLOY Non-deadlocking mortice lock

\$287.50

Non-deadlocking mortice lock for narrow profile entrance doors.

The lock is opened by a key or a thumbturn (or handles if in use).
Can be used with electromechanical striker plate.

Handing 1.3 (Left Handed)

LC300 2.4 - ABLOY Non-deadlocking mortice lock

\$287.50

Non-deadlocking mortise lock for narrow profile entrance doors.

The lock is opened by a key or a thumbturn (or handles if in use).
Can be used with electromechanical striker plate.

Handing 2.4 (Right Handed)

LC302 2.4 - ABLOY Automatic deadlock for narrow profile doors

\$313.95

Function is determined by sliding snib on forend:

- UP position = automatic deadlocking. Opened by a key from either side, or by a thumbturn from inside.
- MIDDLE position = lock is latched and operates also with handles.
- DOWN position = latchbolt is retained inside the lock case.

Handing 2.4 (Right Handed).

LC306 - ABLOY Security Deadlock for narrow doors

\$330.05

Security lock case (comparable with security grade 5 according to EN 12209) for narrow profile doors.

LC9652 - ABLOY Euro/DIN project lock for narrow profile doors

\$155.25

Profile door locks for DIN Euro cylinder Non handed, reversible latchbolt.

CY406T - ABLOY Protec2 - Key-In-Knob cylinder

\$109.83

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome.

CY414T - ABLOY Protec2 - Australian Cylinder

\$170.78

This cylinder is used as the external cylinder in a wide range of rimlocks including Lockwood 001, 002, 303, 355, 201, 211, 213 etc.

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome Brushed.

CY504T - ABLOY Protec2 - Australian Cylinder

\$149.50

This cylinder is used on Lockwood Cylinder Mortice Locks such as Lockwood Synergy 3570 Series (3572, 3574 etc.), 3580 Series (3582, 3584 etc.) and 3540 Series.

Specifications

- Cylinder housing finish: Satin Chrome Brushed.
- Cylinder plug: Brass.
- Discs and washers: Tin Bronze.
- Number of discs: 11.

PL330T - ABLOY Protec2 - Grade 3 Padlock with 25mm shackle

"Unassembled"

\$197.80

Specifications

- Body Material: Brass.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.
- Can be master-keyed with door cylinders.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Finish: Chrome.
- Diameter: 8 mm.
- Vertical Clearance: 25 mm.
- Horizontal Clearance: 25 mm.

PL330T/50 - ABLOY Protec2 - Grade 3 Padlock with 50mm shackle "Unassembled"

\$204.13

Specifications

- Body Material: Brass.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.
- Can be master-keyed with door cylinders.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Finish: Chrome.
- Diameter: 8 mm.
- Vertical Clearance: 50 mm.
- Horizontal Clearance: 25 mm.

PL340T - ABLOY Protec2 - Grade 4 Padlock with 25mm shackle "Unassembled"

\$287.50

Specifications

- Body Material: Case-Hardened steel.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Diameter: 10 mm.
- Vertical Clearance: 25 mm.
- Horizontal Clearance: 28 mm.

PL340T/50 - ABLOY Protec2 - Grade 3 Padlock with 50mm shackle "Unassembled"

\$288.08

Specifications

- Body Material: Case-Hardened steel.
- Finish: Chrome.
- Number of Discs: 11.
- Key removable in locked position.

Shackle

- Shackle Material: Case-Hardened boron steel.
- Diameter: 10 mm.
- Vertical Clearance: 50 mm.
- Horizontal Clearance: 28 mm.

Abloy

ABLOY offers a range of systems from which you can select the best to suit your application.

Each ABLOY key platform is based on the unique rotating disc principle, and are immune to the practice of "bumping" – a technique that involves the manipulation of the pins inside the lock.

As ABLOY cylinders do not use pins, this technique is totally ineffective.

- High level of resistance to adverse climates and environmental conditions

- Large number of different combinations allowing extensive master keying possibilities
- No pins or springs to wear out
- Virtually pick proof

This section includes a guide to each system, as well as the various security levels they offer.

ALPEMS1200 - Compact Shearlock Magnet EMS1200

\$471.50

The Alpro EMS1200 compact shearlock magnet is available in mortice or surface mount models (including glass mount) and offer slimline dimensions whilst maintaining high physical security.

Independently tested to 500,000 cycles, the compact size combined with 1200kg of proven shear holding force makes this compact shearlock both innovative and easy to install.

ALPFP1200/2 - Compact Shearlock EMS1200 - 2 mm Filler Plate

\$11.50

Compact Shearlock Magnet EMS1200 - 2 mm Filler Plate

ALPFP122/6 - Compact Shearlock EMS1200 - 6 mm Filler Plate

\$17.25

Compact Shearlock Magnet EMS1200 - 6mm Filler Plate

ALPGDC1200 - Glass Door Clamp for EMS1200

\$34.50

Aluminium Frameless Glass (10/12 mm).

Door Clamp for use with ALPSMH1200 Surface Mount Housing

ALP524591 - Paddle handle with ANSI cam plug pull to left

\$63.25

459 Paddle handles are designed to be ergonomically friendly and practical.

ALP524592 - Paddle handle with ANSI cam plug push to left

\$63.25

459 Paddle handles are designed to be ergonomically friendly and practical.

ALP524597 - Paddle handle with ANSI cam plug pull to right

\$63.25

459 Paddle handles are designed to be ergonomically friendly and practical.

ALP524598 - Paddle handle with ANSI cam plug push to right

\$63.25

459 Paddle handles are designed to be ergonomically friendly and practical.

ALP5222025 - Alpro Euro Hook Bolt 25mm

\$46.00

Europrofile deadlocks are available in both barbolt and hookbolt versions.

ALP5222025R - Alpro Euro Hook Bolt 25 mm (RIV nut fixing)

\$46.00

Europrofile deadlocks are available in both barbolt and hookbolt versions.

ALP5222030 - Alpro Euro Hook Bolt 30mm

\$51.75

Europrofile deadlocks are available in both barbolt and hookbolt versions.

ALP5222030R - Alpro Euro Hook Bolt 30mm (RIV nut fixing)

\$51.75

Europrofile deadlocks are available in both barbolt and hookbolt versions.

ALP5222125 - Alpro Euro Swing Bolt 25 mm

\$46.00

Europrofile deadlocks are available in both barbolt and hookbolt versions.

ALP5222130 - Alpro Euro Swing Bolt 30 mm

\$51.75

Europrofile deadlocks are available in both barbolt and hookbolt versions.

ALP5245101 - Alpro ANSI Deadlatch 28 mm (1 1/8") RH

Alpro

The Alpro product range comprises a variety of contemporary handle styles, which are both hard wearing and aesthetically pleasing.

A variety of electro-mechanical products complement this impressive product portfolio, designed to meet the needs of the demanding access control market segment. Products include electric strikes, deadlocking bolts, solenoid bolts, compact shearlocks, cabinet locks, waterproof keypads and exit switches, to name but a few

appLOK S200-SIL - Bluetooth Smart Leverset Silver

\$488.52

Easily manage your property access with smart app operated locksets

appLOK™ is a series of smart APP operated locksets covering various installation applications for residential and rental properties. All locks and key boxes connect to a simple yet smart mobile APP that utilizes Bluetooth technology to set up and manage your property access requirements.

Specifications

- Power Source - 4x AA Batteries (supplied)
- Working Environment - -40 to +80c
- Door Width - 35mm - 50mm
- Backset - 60/70 adjustable
- Emergency power source -9v battery
- Low battery indicator - Yes
- IP Rating - IP55
- Construction Material - Stainless Steel
- Warranty - 2 year
- Certification - Ro HS/CE

appLOK S200-BLK - Bluetooth Smart Leverset Black

\$488.52

Easily manage your property access with smart app operated locksets

appLOK™ is a series of smart APP operated locksets covering various installation applications for residential and rental properties. All locks and key boxes connect to a simple yet smart mobile APP that utilizes Bluetooth technology to set up and manage your property access requirements.

Specifications

- Power Source - 4x AA Batteries (supplied)
- Working Environment - -40 to +80c
- Door Width - 35mm - 50mm
- Backset - 60/70 adjustable
- Emergency power source -9v battery
- Low battery indicator - Yes
- IP Rating - IP55
- Construction Material - Stainless Steel
- Warranty - 2 year
- Certification - Ro HS/CE

appLOK S110-BLK - Bluetooth Smart Deadbolt Black

\$529.71

Easily manage your property access with smart app operated locksets

appLOK™ is a series of smart APP operated locksets covering various installation applications for residential and rental properties. All locks and key boxes connect to a simple yet smart mobile APP that utilizes Bluetooth technology to set up and manage your property access requirements.

Specifications

- Power Source - 4x AA Batteries (supplied)
- Working Environment - -40 to +80c
- Door Width - 35mm - 50mm
- Backset - 60/70 adjustable
- Emergency power source -9v battery
- Low battery indicator - Yes
- IP Rating - IP55
- Construction Material - Zinc Alloy/ABS Plastic
- Warranty - 2 year
- Certification - Ro HS/CE

appLOK S110-SIL - Bluetooth Smart Deadbolt Silver

\$529.71

Easily manage your property access with smart app operated locksets

appLOK™ is a series of smart APP operated locksets covering various installation applications for residential and rental properties. All locks and key boxes connect to a simple yet smart mobile APP that utilizes Bluetooth technology to set up and manage your property access requirements.

Specifications

- Power Source - 4x AA Batteries (supplied)

appLOK S-651 Wifi/Bluetooth Gateway Hub

\$200.10

Control your lock when you are away from home.

appLOK Gateway takes all the Bluetooth Functions of your appLOK Smart Lock and transmits it over Wi-Fi.

appLOK Gateway allows you to control and manage most functions of your appLOK Remotely with a Wi-Fi Connection. You can unlock the appLOK Smart Lock remotely and receive live notifications for when the appLOK is unlock and which unlock code was used. You can delete codes, create codes, set one-off codes and receive a notification when a code is used.

appLOK Gateway is great for those that want to keep an eye on who is coming into your office or home.

appLOK Gateway is also perfect for AirBnB owners: You can set un-lock codes to only work during their stay, and become inactive after their stay.

appLOK S35B-BLK - Bluetooth Smart Leverset Black

\$613.10

Easily manage your property access with smart app operated locksets

appLOK™ is a series of smart APP operated locksets covering various installation applications for residential and rental properties. All locks and key boxes connect to a simple yet smart mobile APP that utilizes Bluetooth technology to set up and manage your property access requirements.

Specifications

appLOK

Smart & convenient security for your home or Air BnB property.

appLOK™ is a series of smart APP operated locksets covering various installation applications for residential and rental properties. All locks and key boxes connect to a simple yet smart mobile APP that utilizes Bluetooth technology to set up and manage your property access requirements.

KL1000 SLV - KitLock 1000 Silver Locker Lock

\$187.83

KL1000NC - KL1000 KitLock NetCode Locker Lock

\$218.50

Complete Control Wherever You Are.

Activate > Generate > Control.

The KitLock 1000 NetCode allows temporary access to lockers and cabinets via the web-based NetCode Portal.

NetCode is activated prior to the lock owner shipping and installing at a remote site.

The NetCode Portal allows you to register and set up your account, activate your locks and generate time-sensitive codes.

Using time-sensitive codes is a more secure way to grant access as the code will not work outside a designated timeslot. Generated codes can be sent by email or SMS to any email account or mobile phone.

KL1200 - Kitlock Electronic Cabinet Lock

\$281.75

The CL1200 Cabinet locks are a quick retrofit for keyed cam locks supplied as standard on a wide range of lockers, cabinets and cupboards. It can just as easily be fitted to units which don't have a locking device already fitted, giving the user immediate, simple, keypad access without the hassle of keys!

P1000 SL - Kitlock Slam Latch for KL1200 & KL1550

\$69.00

P1000 SL Slam Latch for KL1200 & KL1550.

CL2200 KEY - Codelock Medium Duty Electronic Surface Deadbolt Lock with key override

\$402.50

The NEW CL2000 lock range are entry level electronic locks providing simple, effective access control.

The NEW CL2000 range has been designed to be easily fitted as a new install or as a rapid retrofit when upgrading from basic single code mechanical digital locks.

CL2255 - Codelock Medium Duty Electronic Tubular Mortice Lock

\$402.50

The NEW CL2000 lock range are entry level electronic locks providing simple, effective access control.

The NEW CL2000 range has been designed to be easily fitted as a new install or as a rapid retrofit when upgrading from basic single code mechanical digital locks.

CL4000GD - Codelock medium duty electronic patch door lock

\$1,610.00

Note: As standard the CL4000GD is supplied with a flat strike plate for fitting to solid door frames. When fitting to a glass door with a glass side panel you will need to buy the patch strike box.

Specifications

- Batteries: 4 x 'N' Batteries.
- Body material: Zinc alloy.
- Door thickness: 8 mm -15 mm (5/16" - 10/16").
- Finishes: PVD (Physical Vapour Deposition) hardwearing low maintenance finish BS (brushed steel).
- Latches: Medium duty, stainless steel latchbolt head with 8 mm (5/16") follower.
- Non handed Lever handle supplied as either right hand (RH) or left hand (LH) versions, in-swing doors only.
- Spindle type 8 mm (5/16") spring loaded spindle.

CL4010 - Codelock Medium Duty Electronic Tubular Mortice Lock

\$805.00

The lock has fitted as standard two alarm release terminals.

Specifications

- Batteries: 4 x AA Cells (supplied).
- Body material: Zinc alloy.
- Door material: Suitable for wooden doors - For other materials contact Technical Support.
- Door thickness: 35 mm - 65 mm (1 3/8" - 2 1/2").
- Finishes: PVD (Physical Vapour Deposition) hardwearing low maintenance finish SS (stainless steel).
- Non handed Lock will fit doors hung on the left or right.
- Spindle type 8 mm spring loaded spindle.

CL415 - Codelock Medium duty tubular mortice latch with Code Free entry option

\$402.50

The outside lever handle will retract the latch after a correct code is entered.

The spring loaded latchbolt will lock automatically when the door is closed.

Specifications

- Body material: Zinc alloy.
- Door material: Suitable for wooden doors.
- Door thickness: 35 mm - 65 mm (1 3/8" - 2 1/2").
- Finishes: PVD (Physical Vapour Deposition) hardwearing low maintenance finish SS (stainless steel).
- Non handed Lock will fit doors hung on the left or right.
- Spindle type 2 part 8 mm (5/16") spring loaded spindle.

CL425 - Codelock Medium duty mortice lock with double cylinder

\$603.75

The CL425 is a Medium Duty Mortice Lock with double cylinder, 3 keys, code free option and anti panic-safety feature.

Specifications

- Body material: Zinc alloy.
- Door material: Suitable for wooden doors.
- Door thickness: 35 mm - 65 mm (1 3/8" - 2 1/2").
- Finishes: PVD (Physical Vapour Deposition) hardwearing low maintenance finish SS (stainless steel).
- Non handed Lock will fit doors hung on the left or right.
- Spindle type 2 part 8 mm (5/16") spring loaded spindle.

CL5010 - Codelock Heavy Duty Electronic Tubular Mortice Lock.

\$948.75

Specifications

- Batteries: 4 x AA Cells (supplied).
- Body material: Zinc alloy.
- Door material: Suitable for wooden doors.

KL1000 RFID Kitlock Smartlock Card Access

\$235.45

The KL1000 RFID is a simple, smart card KitLock providing codeless access to lockers, cabinets, cupboards and enclosures.

The KL1000 RFID KitLock offers functions for single users (Private Function) and short-term use by multiple users (Public Function). The KL1000 RFID is easy to fit to replace an existing cam lock, or fit to a new locker or cabinet that does not have an existing locking device. The lock will perform up to 15,000 openings on just two AAA batteries.

Private Function

This is intended for use where there is a single user. Up to 50 individual MIFARE™ cards can be registered on the lock and only those registered cards can continue to unlock that lock. The Master User Card is used to open a lock, register a new User Card and remove a User Card. The Technician Card is not available in this function. Dedicated and existing MIFARE™ cards can be used, no need to purchase new smart cards.

Public Function

Suitable for short-term use by different users. Touch a MIFARE™ smart card to lock the lock and then use the same card to unlock the lock, leaving the lock in that unlocked state for any other compatible card to be used. Pre-registration of the card is not required and any new or existing MIFARE™ card, fob or wristband can be used. Suitable for use in short-term multi-occupancy applications such as leisure centres, spas and hotels.

Go Keyless. Go KitLock.

KL10 - Kitlock Mechanical Furniture Lock

\$108.20

Introducing the KitLock KL10. Designed with simplicity in mind, the KL10 offers mechanical keyless access suitable for a variety of lockers, cabinets and cupboards.

KL10 - Additional Fixing Pack

\$13.19

KL10 Additional Fixing Pack

An additional fixing pack containing a cranked cam (50mm / 2"), metal clip, washer and two screws.

CL310 SG - Codelock Medium Duty Tubular Digital Deadbolt

\$239.59

Affordable Access Control

Suitable for a variety of entry control applications in commercial and residential premises. Take a good look at the CL310 and see how it could help you

CL515 MG - Codelock CL515 Marine Grade Tubular Mortice Latch With Code Free Entry Option

\$726.51

The Marine by Codelocks range features a selection of locks that have been specially enhanced to withstand harsh outdoor environments and coastal applications. Reliable and durable, the marine grade black finish has proven to be resistant against moisture and salt spray, following rigorous salt spray testing for up to 1000 hours*.

Medium duty tubular mortice latch with 'anti-shim' plunger. Latch retracts by turning inside handle freely, or the outside handle after code input. The CL515 model provides a Code Free option. The outside lever will retract the latch freely until disabled.

CLXT1 - PINGuard™ by Codelocks XT1

\$36.42

Suitable for CL100, CL200 and CL2000.

Flexible, high grade polymer weather covers with additional code protection privacy. PINGuard™ by Codelocks' range of covers are now available in three sizes to suit a wide range of Codelocks mechanical and electronic locks. The covers provide additional PIN security whilst also protecting your Codelocks from adverse weather conditions.

Suitable for the CL100, CL200 & CL2000.

The covers are flexible, high grade polymer that fit behind the lock, improving the gasket seal and preventing water ingress making them an ideal external accessory to your Codelocks digital standalone lock.

Protect Your PIN

Keep prying eyes away from your entry code! Add to external and internal doors where the PIN needs protecting from view.

Protect Your Lock

PINGuard™ by Codelocks significantly reduces the effects of water ingress. The added weather protection will extend the life of your lock. Protect the finish, the keypad and overall appearance of your Codelocks product. Small, medium and large PINGuard™ by Codelocks available, suitable for external applications; gates, sheds, out buildings, work sites etc.

CLXT2 - PINGuard™ by Codelocks XT2

\$36.42

Suitable for the CL500.

Flexible, high grade polymer weather covers with additional code protection privacy. PINGuard™ by Codelocks' range of covers are now available in three sizes to suit a wide range of Codelocks mechanical and electronic locks. The covers provide additional PIN security whilst also protecting your Codelocks from adverse weather conditions.

Suitable for the CL500 range.

KL15 PVT - Kitlock KL15 Mechanical Combination Lock (Private)

\$108.20

KL15 KitLock Mechanical Combination Lock

Simple, tough and good value for money, the KL15 offers mechanical keyless access suitable for a variety of locker and cabinet applications.

The KL15 can be surface mounted with an ergonomically designed surface trim plate that provides additional grip allowing ease of opening. If it's a sleek look that will better suit the application, the KL15 can also be flush fitted.

Private Function

The KL15 Private Function is ideal for use where the same, personal 4 digit code will be repeatedly used, e.g. an employee with the same locker/drawer in the workplace.

[Public Function also available](#)

KL15 PUB - Kitlock KL15 Mechanical Combination Lock (Public)

\$108.20

KL15 KitLock Mechanical Combination Lock

Simple, tough and good value for money, the KL15 offers mechanical keyless access suitable for a variety of locker and cabinet applications.

The KL15 can be surface mounted with an ergonomically designed surface trim plate that provides additional grip allowing ease of opening. If it's a sleek look that will better suit the application, the KL15 can also be flush fitted.

Public Function

The KL15 Public Function is ideal for short term, multiple occupancy applications. The user enters a personal four digit code, this locks the lock. The same code is entered once only to open the lock, the lock remains open ready for the next user.

[Private function also available.](#)

CL160 - Codelocks Light Duty Mortice Latch Featuring QuickCode Code Change.

\$287.50

The CL160 is an entry level mechanical push button lock which provides an extensive variety of functions for light duty entry control as well as providing on the door code change and simple retrofit opportunities.

Codelocks

Codelocks is an innovative designer and manufacturer of electronic and mechanical push button locks for doors, cabinets and lockers. Whether controlling access to certain areas or safeguarding confidential or dangerous materials, the locks offer users a convenient standalone solution without the trouble of issuing keys or cards. The locks are stylish, very easy to fit and are sold with 'everything you need in the box' to fit them, including parts, instructions and templates.

Manufacturing

Codelocks manufactures its own product range and has a production facility in China. The facility is accredited with the ISO9001:2000 quality standard. Having control of the manufacturing process, gives Codelocks the confidence to offer every mechanical lock a limited lifetime guarantee. If the lock develops a manufacturing fault it will be repaired, serviced or replaced free of charge.

Offices

Founded in 1990, Codelocks employs 105 people. The company offers after-sales support from its company headquarters in Newbury, Berkshire, UK. It also has offices in China and America where locks can be bought and serviced. Additionally Codelocks products are available through a worldwide network of distributors or directly through the Codelocks website.

Products

Through continuous development of new technology, Codelocks offers innovative ranges of mechanical and electronic locks. The electronic functionality of digital locks provides major benefits over mechanical ones and unlike other access control solutions, the digital locks do not require complex wiring, ID cards or external power making them more cost effective for many applications.

Dominator DS0D

Dominator DS-0D Safe with Digital Lock

- Internal dimensions: 260mm* h x 343mm w x 295mm d (*internal height includes storage area only.)
- Door open width: 640mm
- Door open depth: 680mm
- Weight: 68kg
- Capacity: 26L
- Paint finish: Textured black paint
- Locking points: 3
- Bolt down provisions: 4 internal bolt holes
- Cash Rating: \$15,000 recommended in unsupported application

Dominator DD-3D

Dominator Tilt Door Deposit Safe DD-3D

TRUE FINANCIAL SECURITY

When access requirements are an obstacle and security is a must, the Dominator Safes® Deposit Series provides the flexibility required to ensure an effective and efficient security solution. With the tilting deposit drawer system and internal lockable compartments, deposits can be made without having to give access to those who don't require it.

The DD-3 is the first size to introduce a separate internal compartment that catches the deposited items and stores them separate to the other holdings. This feature allows you to provide staff access to change or other items, without accessing the main cash deposits.

Specifications

- External dimensions: 686mm h x 508mm w x 508mm d
- Internal dimensions: 420mm* h x 496mm w x 452mm d (*internal height includes storage area and 180mm for lockable compartment.)
- Door open width: 950mm
- Door open depth: 970mm
- Weight: 138kg
- Capacity: 94L
- Internal Fittings: 1 adjustable shelf and key lockable deposit compartment
- Paint finish: Textured black paint
- Locking points: 3
- Bolt down provisions: 4 internal bolt holes
- Cash Rating: \$15,000 recommended in unsupported application

Dominator PS2D

Dominator Plate/Pistol Safe PS2D

COST EFFECTIVE GUARD

A sleek but intimidating design, that provides exceptional security where fire resistance isn't required. Adaptable to any of the locking platforms easily and fitted with secondary relocking devices as standard. More than 40kgs of solid steel used in construction and along with the 4 prefabricated mounting holes, allows a highly effective installation.

Specifications

- External dimensions: 315mm h x 315mm w x 360mm d
- Internal dimensions: 300mm h x 300mm w x 265mm d
- Door open width: 578mm
- Door open depth: 623mm
- Weight: 41kg
- Capacity: 24L
- Internal Fittings: 1 adjustable shelf
- Paint finish: Textured black paint
- Locking points: 2
- Bolt down provisions: 4 internal bolt holes
- Cash Rating: \$15,000 recommended in unsupported application (Suitable for Class H firearm storage in accordance with the relevant Australian State regulations.)

Dominator DS5D

Kidde

KL1000 SLV - KitLock 1000 Silver Locker Lock

\$187.83

KL1000NC - KL1000 KitLock NetCode Locker Lock

\$218.50

Complete Control Wherever You Are.

Activate > Generate > Control.

The KitLock 1000 NetCode allows temporary access to lockers and cabinets via the web-based NetCode Portal.

NetCode is activated prior to the lock owner shipping and installing at a remote site.

The NetCode Portal allows you to register and set up your account, activate your locks and generate time-sensitive codes.

Using time-sensitive codes is a more secure way to grant access as the code will not work outside a designated timeslot. Generated codes can be sent by email or SMS to any email account or mobile phone.

KL1200 - Kitlock Electronic Cabinet Lock

\$281.75

The CL1200 Cabinet locks are a quick retrofit for keyed cam locks supplied as standard on a wide range of lockers, cabinets and cupboards. It can just as easily be fitted to units which don't have a locking device already fitted, giving the user immediate, simple, keypad access without the hassle of keys!

P1000 SL - Kitlock Slam Latch for KL1200 & KL1550

\$69.00

P1000 SL Slam Latch for KL1200 & KL1550.

KL1000 DG - Kitlock Locker Lock Door Gasket

\$11.50

The KL1000 Door Gasket is available as an optional accessory for use with all the KL1000 Cabinet Locks - vertical and horizontal models.

When used in conjunction with the CL1000 Cabinet Lock and fitted between the back of the KL1000 and the face of the door, the product combination together achieves IP54 Rating.

KL1000 BLK - KitLock 1000 Black Locker Lock

\$187.83

KL1000 RFID Kitlock Smartlock Card Access

\$235.45

The KL1000 RFID is a simple, smart card KitLock providing codeless access to lockers, cabinets, cupboards and enclosures.

The KL1000 RFID KitLock offers functions for single users (Private Function) and short-term use by multiple users (Public Function). The KL1000 RFID is easy to fit to replace an existing cam lock, or fit to a new locker or cabinet that does not have an existing locking device. The lock will perform up to 15,000 openings on just two AAA batteries.

Private Function

This is intended for use where there is a single user. Up to 50 individual MIFARE™ cards can be registered on the lock and only those registered cards can continue to unlock that lock. The Master User Card is used to open a lock, register a new User Card and remove a User Card. The Technician Card is not available in this function. Dedicated and existing MIFARE™ cards can be used, no need to purchase new smart cards.

Public Function

Suitable for short-term use by different users. Touch a MIFARE™ smart card to lock the lock and then use the same card to unlock the lock, leaving the lock in that unlocked state for any other compatible card to be used. Pre-registration of the card is not required and any new or existing MIFARE™ card, fob or wristband can be used. Suitable for use in short-term multi-occupancy applications such as leisure centres, spas and hotels.

Go Keyless. Go KitLock.

KL10 - Kitlock Mechanical Furniture Lock

\$108.20

Introducing the KitLock KL10. Designed with simplicity in mind, the KL10 offers mechanical keyless access suitable for a variety of lockers, cabinets and cupboards.

Fixing Pack

The KL10 is provided with a straight cam, hex nut and screw as standard. An [additional fixing pack](#) is available to purchase containing a cranked cam, metal clip, washer and two screws.

KL10 - Additional Fixing Pack

\$13.19

KL10 Additional Fixing Pack

An additional fixing pack containing a cranked cam (50mm / 2"), metal clip, washer and two screws.

KL1000 G3 - KitLock Locker Lock

\$241.50

The KL1000 G3 is a compact digital lock offering key override, front battery change, 24hr countdown timer* and up to 20 User Codes.

Applying advanced technology to our core products.

Introducing the KL1000 G3; designed through evolution of our best-selling KitLock, the KL1000, and boasting all popular features of the KL1000 Classic+ including 20 User Codes and 24hr countdown timer.

KitLock by Codelocks is a convenient alternative to traditional locks and keys suitable for a wide range of cabinet and locker applications. The KL1000 G3's key override and front battery change capabilities provide ease of use and peace of mind. The updated chrome effect back panel and handle finishes reflect their surroundings giving the lock a slimmer, more subtle aesthetic.

Sharing the same fittings & fixings as the KL1000 KitLock this lock is easily retrofitted, ideal for upgrading existing installations with increased flexibility and convenience for both guests and staff.

KL15 PVT - Kitlock KL15 Mechanical Combination Lock (Private)

\$108.20

KL15 KitLock Mechanical Combination Lock

Simple, tough and good value for money, the KL15 offers mechanical keyless access suitable for a variety of locker and cabinet applications.

The KL15 can be surface mounted with an ergonomically designed surface trim plate that provides additional grip allowing ease of opening. If it's a sleek look that will better suit the application, the KL15 can also be flush fitted.

Private Function

The KL15 Private Function is ideal for use where the same, personal 4 digit code will be repeatedly used, e.g. an employee with the same locker/drawer in the workplace.

[Public Function also available](#)

KL15 PUB - Kitlock KL15 Mechanical Combination Lock (Public)

\$108.20

KL15 KitLock Mechanical Combination Lock

Simple, tough and good value for money, the KL15 offers mechanical keyless access suitable for a variety of locker and cabinet applications.

The KL15 can be surface mounted with an ergonomically designed surface trim plate that provides additional grip allowing ease of opening. If it's a sleek look that will better suit the application, the KL15 can also be flush fitted.

Public Function

The KL15 Public Function is ideal for short term, multiple occupancy applications. The user enters a personal four digit code, this locks the lock. The same code is entered once only to open the lock, the lock remains open ready for the next user.

[Private function also available.](#)

SAR101 - Sara Passage Lever Set Satin Chrome

\$110.39

The S Range lever handles feature a unique through door interlocking system that greatly improves torsional rigidity and ease of installation. Top and bottom grip points significantly reduce the risk of racking or lateral movement which can cause door damage and decreased product life. Positioning lugs inside the covers increase installation accuracy and stop potential twisting of the cover.

Passage - For general interior or hallway doors (non-locking operation)

SAR102 - Sara Privacy Lever Set Satin Chrome

\$110.39

The S Range lever handles feature a unique through door interlocking system that greatly improves torsional rigidity and ease of installation. Top and bottom grip points significantly reduce the risk of racking or lateral movement which can cause door damage and decreased product life. Positioning lugs inside the covers increase installation accuracy and stop potential twisting of the cover.

Privacy - For bedroom or bathroom doors (internal locking, emergency access from outside)

SAR103 - Sara Dummy Lever Handle (Single)

\$58.73

The S Range lever handles feature a unique through door interlocking system that greatly improves torsional rigidity and ease of installation. Top and bottom grip points significantly reduce the risk of racking or lateral movement which can cause door damage and decreased product life. Positioning lugs inside the covers increase installation accuracy and stop potential twisting of the cover.

Dummy - For wardrobe and cupboard doors (fixed lever)

All fixings are concealed and supplied.

Miles Nelson S Range

The S Range lever handles feature a unique through door interlocking system that greatly improves torsional rigidity and ease of installation. Top and bottom grip points significantly reduce the risk of racking or lateral movement which can cause door damage and decreased product life. Positioning lugs inside the covers increase installation accuracy and stop potential twisting of the cover.

Viro Van Lock

\$920.00

NZ Series

NZ SERIES

New Zealand's very own high security restricted profile.

The newest MLAA restricted security key system is the NZ Series.

The NZ Series will provide your customers with the latest security features in mechanical restricted keying.

With Anti-bump, anti-pick and anti-drill optional features, this flexible multi-broach system can be implemented

in any domestic or commercial setting.

There is an extensive range of barrels available to suit almost every application making retro-fitting your current security systems with the new NZ series easy. Unlike many other restricted profiles, there is both a master profile key blank and a master profile barrel.

Further information is available from the [NZ Series website](#), download our NZ Series Brochure or contact Steve Karmawan at Levco on 04 473-3025.

PWS-1814E - Protex Electronic Wall Safe

\$1,006.25

This safe is great for personal use at home or office. The PWS-1814E is equipped with a digital keypad for easy operation and maintenance.

Electronic Hidden Wall Safe

This wall safe is an excellent choice for home, office, hotel, dorm or school use. Quick and convenient access, easy programming and can be installed at any height on interior wall. It's very easy to install between 2 wall studs. It comes with a velvet interior for a great plush look and feel. The keypad is flush with the safe's flange, therefore able you to hang a picture over the safe to conceal it from view. The door has a hidden lock to open the safe with a mechanical override key (2 included). This key is used only when batteries are dead or keypad is damaged.

Since this safe is 4" to fit a standard wall between the studs. The safe is using 4x AA batteries and it includes a power override box to be able to power the safe from the outside when the batteries die. The door is spring loaded and will open by itself after the correct code is entered. After entering the correct code the motorized locking bolts will retract automatically and the door will swing open.

FEATURES

- Burglary Resistant wall safe with digital electronic locking system.
- High quality VELVET INTERIOR.
- Motorized locking bolt system will open the door automatically.
- Designed to be installed between 16" o/c wall studs.
- Approximately .44 cubic feet of storage space.
- Key lock override system (2 keys included).
- Power override included.
- Dual live motorized chrome bolts (3/4" dia.).
- Made of heavy duty gauge steel.
- 2 Removable shelves.
- Spring loaded door.
- Flush digital keypad.
- Door thickness is 5/8" formed steel.

RX-164 - Protex Prescription Drop Box

\$569.25

KL1000 DG - Kitlock Locker Lock Door Gasket

\$11.50

The KL1000 Door Gasket is available as an optional accessory for use with all the KL1000 Cabinet Locks - vertical and horizontal models.

When used in conjunction with the CL1000 Cabinet Lock and fitted between the back of the KL1000 and the face of the door, the product combination together achieves IP54 Rating.

KL1000 BLK - KitLock 1000 Black Locker Lock

\$187.83

KL1000 RFID Kitlock Smartlock Card Access

\$235.45

The KL1000 RFID is a simple, smart card KitLock providing codeless access to lockers, cabinets, cupboards and enclosures.

The KL1000 RFID KitLock offers functions for single users (Private Function) and short-term use by multiple users (Public Function). The KL1000 RFID is easy to fit to replace an existing cam lock, or fit to a new locker or cabinet that does not have an existing locking device. The lock will perform up to 15,000 openings on just two AAA batteries.

Private Function

This is intended for use where there is a single user. Up to 50 individual MIFARE™ cards can be registered on the lock and only those registered cards can continue to unlock that lock. The Master User Card is used to open a lock, register a new User Card and remove a User Card. The Technician Card is not available in this function. Dedicated and existing MIFARE™ cards can be used, no need to purchase new smart cards.

Public Function

Suitable for short-term use by different users. Touch a MIFARE™ smart card to lock the lock and then use the same card to unlock the lock, leaving the lock in that unlocked state for any other compatible card to be used. Pre-registration of the card is not required and any new or existing MIFARE™ card, fob or wristband can be used. Suitable for use in short-term multi-occupancy applications such as leisure centres, spas and hotels.

Go Keyless. Go KitLock.

KL10 - Kitlock Mechanical Furniture Lock

\$108.20

Introducing the KitLock KL10. Designed with simplicity in mind, the KL10 offers mechanical keyless access suitable for a variety of lockers, cabinets and cupboards.

KL15 PVT - Kitlock KL15 Mechanical Combination Lock (Private)

\$108.20

KL15 KitLock Mechanical Combination Lock

Simple, tough and good value for money, the KL15 offers mechanical keyless access suitable for a variety of locker and cabinet applications.

The KL15 can be surface mounted with an ergonomically designed surface trim plate that provides additional grip allowing ease of opening. If it's a sleek look that will better suit the application, the KL15 can also be flush fitted.

Private Function

The KL15 Private Function is ideal for use where the same, personal 4 digit code will be repeatedly used, e.g. an employee with the same locker/drawer in the workplace.

[Public Function also available](#)

KL15 PUB - Kitlock KL15 Mechanical Combination Lock (Public)

\$108.20

KL15 KitLock Mechanical Combination Lock

Simple, tough and good value for money, the KL15 offers mechanical keyless access suitable for a variety of locker and cabinet applications.

The KL15 can be surface mounted with an ergonomically designed surface trim plate that provides additional grip allowing ease of opening. If it's a sleek look that will better suit the application, the KL15 can also be flush fitted.

Public Function

The KL15 Public Function is ideal for short term, multiple occupancy applications. The user enters a personal four digit code, this locks the lock. The same code is entered once only to open the lock, the lock remains open ready for the next user.

[Private function also available.](#)

Digital Locks

KL1000 SLV - KitLock 1000 Silver Locker Lock

\$187.83

KL1000NC - KL1000 KitLock NetCode Locker Lock

\$218.50

Complete Control Wherever You Are.

Activate > Generate > Control.

The KitLock 1000 NetCode allows temporary access to lockers and cabinets via the web-based NetCode Portal.

NetCode is activated prior to the lock owner shipping and installing at a remote site.

The NetCode Portal allows you to register and set up your account, activate your locks and generate time-sensitive codes.

Using time-sensitive codes is a more secure way to grant access as the code will not work outside a designated timeslot. Generated codes can be sent by email or SMS to any email account or mobile phone.

KL1200 - Kitlock Electronic Cabinet Lock

\$281.75

The CL1200 Cabinet locks are a quick retrofit for keyed cam locks supplied as standard on a wide range of lockers, cabinets and cupboards. CL515 MG - Codelock CL515 Marine Grade Tubular Mortice Latch With Code Free Entry Option

\$726.51

The Marine by Codelocks range features a selection of locks that have been specially enhanced to withstand harsh outdoor environments and coastal applications. Reliable and durable, the marine grade black finish has proven to be resistant against moisture and salt spray, following rigorous salt spray testing for up to 1000 hours*.

Medium duty tubular mortice latch with 'anti-shim' plunger. Latch retracts by turning inside handle freely, or the outside handle after code input. The CL515 model provides a Code Free option. The outside lever will retract the latch freely until disabled.

KL1000 G3 - KitLock Locker Lock

\$241.50

The KL1000 G3 is a compact digital lock offering key override, front battery change, 24hr countdown timer* and up to 20 User Codes.

Applying advanced technology to our core products.

Introducing the KL1000 G3; designed through evolution of our best-selling KitLock, the KL1000, and boasting all popular features of the KL1000 Classic+ including 20 User Codes and 24hr countdown timer.

KitLock by Codelocks is a convenient alternative to traditional locks and keys suitable for a wide range of cabinet and locker applications. The KL1000 G3's key override and front battery change capabilities provide ease of use and peace of mind. The updated chrome effect back panel and handle finishes reflect their surroundings giving the lock a slimmer, more subtle aesthetic.

Sharing the same fittings & fixings as the KL1000 KitLock this lock is easily retrofitted, ideal for upgrading existing installations with increased flexibility and convenience for both guests and staff.

Key override is available to order on compatible models within the CL200 range

CL290 MG - Codelock CL290 Back to Back Marine Grade Tubular Mortice Latch

\$420.41

The Marine by Codelocks range features a selection of locks that have been specially enhanced to withstand harsh outdoor environments and coastal applications. Reliable and durable, the marine grade black finish has proven to be resistant against moisture and salt spray, following rigorous salt spray testing for up to 1000 hours*.

Tubular mortice latch retracts by turning inside lever freely, or the outside knob after code input. Features hold open function. Supplied with a hold open function enabled allowing free entry when required, without having to use a code. The function can be disabled during installation requiring code input to open the door. Key override is available to order on compatible models within the CL200 range

CL160 - Codelocks Light Duty Mortice Latch Featuring QuickCode Code Change.

\$287.50

The CL160 is an entry level mechanical push button lock which provides an extensive variety of functions for light duty entry control as well as providing on the door code change and simple retrofit opportunities.

Door Closers and Swing Door Operators

DC270 - ABLOY Door Closer. EN 6-7

\$2,354.05

DC330 - ABLOY Door Closer. EN 1-4

\$576.15

ABLOY DC330 can be adjusted to meet requirements of light opening resistance; for example the DDA (disability Discrimination Act) in the UK.

Maximum door weight is 80 kg and door leaf width 1100 mm with sliding arm installation.

Door Cylinders

CY406N - ABLOY Protec - Key-In-Knob cylinder

\$109.83

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome.

CY410T - ABLOY Protec2 - Key-In-Knob cylinder

\$161.00

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome.

CY503N - ABLOY Protec - Australian Cylinder

\$151.23

This cylinder is used for hold back applications on Lockwood 3570 & 3580 series mortice locks.

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome Brushed.

CY801N - ABLOY Protec - Australian Cylinder

\$133.98

This cylinder is used in the Lockwood 530 Series Key in Knob Locksets and the 930/950 Series Key in Lever Locksets.

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome Brushed.

CY406T - ABLOY Protec2 - Key-In-Knob cylinder

\$109.83

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome.

CY414T - ABLOY Protec2 - Australian Cylinder

\$170.78

This cylinder is used as the external cylinder in a wide range of rimlocks including Lockwood 001, 002, 303, 355, 201, 211, 213 etc.

Specifications

- Number of discs: 11.
- Cylinder housing material: Brass.
- Cylinder housing finish: Satin Chrome Brushed.

CY504T - ABLOY Protec2 - Australian Cylinder

\$149.50

This cylinder is used on Lockwood Cylinder Mortice Locks such as Lockwood Synergy 3570 Series (3572, 3574 etc.), 3580 Series (3582, 3584 etc.) and 3540 Series.

Specifications

- Cylinder housing finish: Satin Chrome Brushed.
- Cylinder plug: Brass.
- Discs and washers: Tin Bronze.
- Number of discs: 11.

LALEXT50XSC - LAL Extended Oval Cylinder 50mm

\$31.71

Australian Oval Extended Cylinder **50mm**

LAL570EXTKIT - Security Plug Extension Kit

\$11.50

Security Plug Extension Kit for 50mm cylinder

LAL570SCKD - Levco 570 Oval Cylinder - Keyed to Differ

\$20.50

Levco 570 Oval Cylinder - Keyed to Differ

Standard oval cylinder for use on Australasian mortice locks

LAL570SCKA1 - Levco 570 Oval Cylinder - Keyed Alike

\$20.50

Levco 570 Oval Cylinder Keyed Alike

Standard oval cylinder for use on Australasian mortice locks

LAL570SCLP - Levco 570 Oval Cylinder - Less Plug

\$16.48

Levco 570 Oval Cylinder - Less Plug

Standard oval cylinder for use on Australasian mortice locks

LAL201SCKD - Levco 201 Round Cylinder - Keyed to differ

\$37.36

Levco 201 Round Cylinder - Keyed to Differ

Standard round cylinder for use on most rim type night latches

LAL201SCKA1 - Levco 201 Round Cylinder - Keyed Alike

\$37.36

Levco 201 Round Cylinder - Keyed Alike

Standard round cylinder for use on most rim type night latches

LAL201SCLP - Levco 201 Round Cylinder less plug - Less plug

\$33.53

Levco 201 Round Cylinder less plug - Less Plug

Standard round cylinder for use on most rim type night latches

Door Furniture

DH619 - ABLOY - Inxoi X/013 PZBL (92) Handle Set for EL460

\$414.00

INOXI 3-19/012 PZ+BL = Key hole on outside plate and plain plate inside.
For use with EL460 .0mm Backset Mortice Lock.

Specifications

- Material: stainless steel.
- On the broader plate suitable for solid doors, the distance between the holes is 72 mm, and on the narrower plate designed for profile doors, it is 92 mm.
- Door thicknesses: 38-42mm, 43-47mm, 48-52mm, 53-57mm, 58-62mm.

DH612 - ABLOY - Inxoi X/012 PZPZ (72) Handle Set for EL560

\$805.00

INOXI 3-19/012 PZ+PZ = Plate with key holes inside and outside.
For use with EL560 60mm Backset Mortice Lock.

Specifications

- Material: stainless steel.
- On the broader plate suitable for solid doors, the distance between the holes is 72 mm, and on the narrower plate designed for profile doors, it is 92 mm.
- Door thicknesses: 38-42mm, 43-47mm, 48-52mm, 53-57mm, 58-62mm.

DH621 - ABLOY - Inxoi X/013 PZPZ (92) Handle Set for EL460

\$414.00

INOXI 3-19/012 PZ+PZ = Plates with key holes inside and outside.
For use with EL460 .0mm Backset Mortice Lock.

Specifications

- Material: stainless steel.
- On the broader plate suitable for solid doors, the distance between the holes is 72 mm, and on the narrower plate designed for profile doors, it is 92 mm.
- Door thicknesses: 38-42mm, 43-47mm, 48-52mm, 53-57mm, 58-62mm.

Lemaar Silla 15007 - Passage Set SSS

\$109.25

Lemaar Silla - 15007 - Satin Stainless Steel
Does not include tubular latch (available separately).

Lemaar Otus 15008 - Passage Set SSS

\$109.25

Lemaar Otus - 15008 - Satin Stainless Steel

WAVbi8000CA - No Key Override Aust 60/90mm Prox/Code

\$1,006.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

WAVbi8108CA - Key Override Aust 90mm Prox/Code

\$1,006.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

WAVbi8102PA - Key Override Aust 60mm Prox

\$914.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

WAVbi8010CA - No Key Override Euro Prox/Code

\$1,029.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

\$914.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

WAVbi8116PA - Key Override Euro 85mm Prox

\$914.25

Fast, easy, and smart

WAVbi Standalone mode is the simplest way in which to operate your access control system. Each handle set is programmed with a Management Card and then users are simply added and deleted when the management card is presented to the outside reader.

SAR101 - Sara Passage Lever Set Satin Chrome

\$110.39

The S Range lever handles feature a unique through door interlocking system that greatly improves torsional rigidity and ease of installation. Top and bottom grip points significantly reduce the risk of racking or lateral movement which can cause door damage and decreased product life. Positioning lugs inside the covers increase installation accuracy and stop potential twisting of the cover.

Passage - For general interior or hallway doors (non-locking operation)

SAR102 - Sara Privacy Lever Set Satin Chrome

\$110.39

The S Range lever handles feature a unique through door interlocking system that greatly improves torsional rigidity and ease of installation. Top and bottom grip points significantly reduce the risk of racking or lateral movement which can cause door damage and decreased product life. Positioning lugs inside the covers increase installation accuracy and stop potential twisting of the cover.

Privacy - For bedroom or bathroom doors (internal locking, emergency access from outside)

SAR103 - Sara Dummy Lever Handle (Single)

\$58.73

The S Range lever handles feature a unique through door interlocking system that greatly improves torsional rigidity and ease of installation. Top and bottom grip points significantly reduce the risk of racking or lateral movement which can cause door damage and decreased product life. Positioning lugs inside the covers increase installation accuracy and stop potential twisting of the cover.

Dummy - For wardrobe and cupboard doors (fixed lever)

All fixings are concealed and supplied.

Drop Boxes

WDS-150 - Protex Wall Mount Drop Box

\$479.16

Specifications

- Exterior Dimensions: 254 (W) x 381 (H) x 108 (D).
- Door Clearance: 181 (W) x 159 (H).
- Drop Opening: 187 (W) x 35 (H) (25 drop clearance).
- Door Thickness: 3 mm.
- Volume: 5.13 litres.
- Weight: 7 kg.

WSS-159 - Protex Through the Door Drop Box

\$580.75

Specifications

- Exterior Dimensions: 254 (W) x 381 (H) x 108 (D).
- Door Clearance: 181 (W) x 159 (H).
- Drop Opening: 187 (W) x 35 (H) (25 drop clearance).
- Door Thickness: 3 mm.
- Volume: 5.13 litres.
- Weight: 7 kg.

WDC-160 - Protex Wall Drop Box w/ Adjustable Chute

\$747.50

Specifications.

- Exterior Dimensions: 305 (W) x 407 (H) x 152 (D).
- Interior Dimensions: 299 (W) x 254 (H) x 127 (D).
- Door Clearance: 184 (W) x 235 (H).
- Drop Opening: 216 (W) x 25 (H).
- Door Thickness: 3 mm.
- Face Plate: 308 x 108.
- Weight: 12 kg.

B-1414SE - Protex B-Rated Small Front Loading Drop Safe

\$1,610.00

"B" Rated Burglary Safe with Envelope Drop Slot and Electronic Lock.

FEATURES

- Solid steel construction, fully welded body construction.
- Securam electronic digital lock.
- 6mm thick carburized hard-plate to resist drilling.
- Spring loaded active re-locker.
- Door is constructed from anti-pry 12mm thick. solid steel plate.
- Front loading anti-fishing baffle.
- 4 pre-drilled mounting holes on bottom of safe (12mm dia.).
- 3 chrome plated heavy duty locking bolts (25mm dia.).
- Heavy-duty vault hinges.
- High quality powder coat finish.
- Bolting hardware included (for concrete floor anchoring).

RX-164 - Protex Prescription Drop Box

\$569.25

RX-164 Protex Prescription Drugs Drop Box - Designed for use in police stations, hospitals, pharmacies, fire stations and more.

FEATURES

- Heavy Duty Drop box designed for discarding pills, prescriptions and other unwanted medication containers.
- Tubular-style key lock with Double "D" configuration (can be retrofitted with other cam locks).
- Piano hinge.
- Drop door opening thick enough to drop up to 2-1/4" diameter containers.
- Metal baffle to protect drop opening from fishing.
- Pre-drilled mounting holes in back for wall mounting.
- Can be set on a table or a shelf.
- Mounting hardware for wood and concrete is included.
- Two tubular keys included.
- Reinforced double steel door to protect against prying.
- The perfect way to lock and secure unwanted prescriptions or other bulky items.
- RX-Label comes unattached, so you can use it for other applications.
- Maximum diameter of item to drop is 2.25".

SDL-400K - Protex Wall Mounted Drop Box with Key Lock

\$460.00

Inter-Office Wall-Mount Locking, Payment Drop Box w/ Key Lock Drop box designed for cash, rent checks and envelopes.

FEATURES

- Tubular-style key lock with Double "D" configuration (can be retrofitted with other cam locks).
- Piano hinge.
- Slot opening 254mm wide will accept legal size paper and large envelopes.
- Saw-tooth metal baffle to protect slot.
- Pre-drilled mounting holes in back.
- Mounting hardware for wood and concrete is included.
- Reinforced door.
- The perfect way to lock and secure suggestions, ballots, mail, money, rent checks and more.
- Use as a mail collection box for all out-going office mail.

WDB-110 - Protex Letter Size Wall Drop Box

\$391.00

Wall-Mount Locking, Payment Drop Box

FEATURES

- Tubular-style key lock with Double "D" configuration (can be retrofitted with other cam locks).
- Piano hinge.
- Slot opening 225mm wide will accept legal size paper.
- Metal baffle to protect slot.
- Pre-drilled mounting holes in back.
- Mounting hardware for wood and concrete is included.
- Two tubular keys included.
- Reinforced door.
- The perfect way to lock and secure suggestions, ballots, keys, mail, money, rent checks and more.
- Use as a mail collection box for all out-going office mail.

WDD-180 - Protex Wall Drop Box

\$819.95

Through-The-Wall Locking Drop Box. Adjusts to fit through walls anywhere between 4" to 10" in thickness.

FEATURES

- Tubular-style key lock with Double "D" configuration.
- Two tubular keys included.
- Piano hinge.
- Drop door opening thick enough to drop keys, wallets, car remotes, thick envelopes and more.
- Metal baffle to protect drop opening from fishing.
- Pre-drilled mounting holes on sides for in-the-wall installation.
- Installation hardware included.
- Reinforced double steel door to protect against prying.
- The perfect way to lock and secure cash, keys, mail, car remotes, small envelopes and more.
- Drop from one side and collect from the opposite side.
- Designed to be installed in the wall between standard (16" on center) wall studs.
- Requires cutting the drywall between the studs.
- Includes two removable and adjustable metal frames to hide the rough cuts.
- Maximum thickness of item to drop is 1" thick.
- Recommended wall thickness for proper installation is between 4 and 10 inches.

Electric Locks

EA280 - ABLOY Power Transfer

\$71.30

Specifications

- Steel with Bright Chrome finish.
- Max diameter of cable 7.5mm.
- Max opening angle of door < 120°.
- Distance between pin hinge & door frame < 20mm.

WAVbi8000CA - No Key Override Aust 60/90mm Prox/Code

- Dimensions: 2.8" x .5" x .10" thick.
- Material: 3Cr13 Stainless-Steel.

Key Reels

0S48-001 - Key-Bak Super 48 - Heavy Duty Self-Retracting Reel

\$38.74

Specifications

- Model: #S48K.
- Back Attachment: Belt Clip/Loop.
- Hold: 15 Keys.
- Extension Material: Kevlar Cord.
- Extension Reach: 48" (1.2m).
- Retraction Force: 8-10 oz (225-283g).
- End Fitting: Split-Ring.

025.005 - Key-Bak Original - Belt Clip with Stainless Steel Chain (Chrome)

\$33.35

Specifications

- Model: #5.
- Back Attachment: Belt Clip.
- Hold: 15 Keys.
- Extension Material: Stainless Steel Chain.
- Extension Reach: 24" (60cm).
- Retraction Force: 8-10 oz (225-283g).
- End Fitting: Split-Ring.

020.666 - Key-Bak Original HD - Belt Clip with Kevlar Cord (Chrome)

\$34.50

Specifications

- Model: #485-HD.
- Back Attachment: Belt Clip.
- Hold: 15 Keys.
- Extension Material: Kevlar Cord.
- Extension Reach: 48" (1.2m).
- Retraction Force: 8-10 oz (225-283g).
- End Fitting: Split-Ring.

020.667 - Key-Bak Original HD - Belt Clip with Kevlar Cord (Black)

\$34.50

Specifications

- Model: #485B-HD.
- Back Attachment: Belt Clip.
- Hold: 15 Keys.
- Extension Material: Kevlar Cord.
- Extension Reach: 48" (1.2m).
- Retraction Force: 8-10 oz (225-283g).
- End Fitting: Split-Ring.

0006-001 - Key-Bak Mid-Size - Belt Clip with Polyester Cord

\$28.97

Specifications

- Model: #6.
- Attachment: Belt Clip.
- Hold: 10 Keys.
- Extension Material: Polyester Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 6 oz (170g).
- End Fitting: Split-Ring.

0006-005 - Key-Bak Mid-Size - Belt Clip with Polyester Cord (ID)

\$28.97

Specifications

- Model: #6ID.
- Attachment: Belt Clip.
- Hold: 10 Keys.
- Extension Material: Polyester Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 6 oz (170g).
- End Fitting: Vinyl Strap.

0488-803 - Key-Bak Securit - Carabiner Reel with Kevlar Cord

\$36.80

Specifications

- Model: #488.
- Attachment: Carabiner.
- Hold 15 Keys.
- Extension Material: Kevlar Cord.
- Extension Reach: 48" (1.2m).
- Retraction Force: 8-10 oz (225-283g).
- End Fitting: Split-Ring.

0050-005 - Key-Bak Mini - Belt Clip with Nylon Cord (Black)

\$14.48

Specifications

- Model: #50.
- Hold: 7 Keys.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Split-Ring.

0052-001 - Key-Bak Mini - Belt Clip with Nylon Cord (Blue)

\$13.80

Specifications

- Model: #52.
- Hold: 7 Keys.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Split-Ring.

0053-001 - Key-Bak Mini - Belt Clip with Nylon Cord (White)

\$13.80

Specifications

- Model: #53.
- Hold: 7 Keys.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Split-Ring.

0020-002 - Key-Bak Mini - Belt Clip with Nylon Cord (Dual Pack/Blue)

\$25.30

Specifications

- Model: #52.
- Hold: 7 Keys.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Split-Ring.

0215-011 - Key-Bak Mini - Belt Clip with Nylon Cord (ID/Green)

\$13.80

Specifications

- Hold: ID Badge.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Vinyl Strap.

0216-011 - Key-Bak Mini - Belt Clip with Nylon Cord (ID/Yellow)

\$13.80

Specifications

- Hold: ID Badge.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Vinyl Strap.

0217-011 - Key-Bak Mini - Belt Clip with Nylon Cord (ID/Purple)

\$13.80

Specifications

- Hold: ID Badge.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Vinyl Strap.

0219-011 - Key-Bak Mini - Belt Clip with Nylon Cord (ID/Red)

\$13.80

Specifications

- Hold: ID Badge.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Vinyl Strap.

0055-015 - Key-Bak Mini - Twist-Free with Nylon Cord (ID/Blue)

\$13.80

Specifications

- Hold: ID Badge.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Twist-Free.

0056-011 - Key-Bak Mini - Twist-Free with Nylon Cord (ID/White)

\$13.80

Specifications

- Hold: ID Badge.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Twist-Free.

0057-011 - Key-Bak Mini - Twist-Free with Nylon Cord (ID/Black)

\$13.80

Specifications

- Hold: ID Badge.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Twist-Free.

0035-001 - Key-Bak Mini - Pin Fix with Nylon Cord (ID/Blue)

\$13.80

Specifications

- Hold: ID Badge
- Attachment: Pin Fix
- Extension Material: Nylon Cord
- Extension Reach: 36" (90cm)
- Retraction Force: 4 oz (110g)
- End Fitting: Vinyl Strap

0021-001 - Key-Bak Mini - Belt Clip with Nylon Cord (Dual Pack/Black)

\$25.30

Specifications

- Hold: ID Badge.
- Attachment: Belt Clip.
- Extension Material: Nylon Cord.
- Extension Reach: 36" (90cm).
- Retraction Force: 4 oz (110g).
- End Fitting: Vinyl Strap.

0481-711 - Key-Bak Duty Gear - Ballistic Nylon Key Protector with Kevlar Cord

\$50.60

Specifications

- Back Attachment: Nylon Belt Loop.
- Hold: 15 keys.
- Case Material: Ballistic Nylon.
- Extension Material: Kevlar Cord.
- Extension Reach: 90cm.
- Retraction Force: 8-10 oz (225-283g).

0001-111 - Key-Bak Duty Gear - Ballistic Nylon Key Protector with Stainless Steel Cord

\$47.15

Specifications

- Back Attachment: **Nylon Belt Loop.**

Keyless Entry

KL1000 SLV - KitLock 1000 Silver Locker Lock

\$187.83

KL1000NC - KL1000 KitLock NetCode Locker Lock

\$218.50

Complete Control Wherever You Are.

Activate > Generate > Control.

The KitLock 1000 NetCode allows temporary access to lockers and cabinets via the web-based NetCode Portal.

NetCode is activated prior to the lock owner shipping and installing at a remote site.

The NetCode Portal allows you to register and set up your account, activate your locks and generate time-sensitive codes.

Using time-sensitive codes is a more secure way to grant access as the code will not work outside a designated timeslot. Generated codes can be sent by email or SMS to any email account or mobile phone.

KL1200 - Kitlock Electronic Cabinet Lock

\$281.75

The CL1200 Cabinet locks are a quick retrofit for keyed cam locks supplied as standard on a wide range of lockers, cabinets and cupboards. KL1000 RFID Kitlock Smartlock Card Access

\$235.45

The KL1000 RFID is a simple, smart card KitLock providing codeless access to lockers, cabinets, cupboards and enclosures.

The KL1000 RFID KitLock offers functions for single users (Private Function) and short-term use by multiple users (Public Function). The KL1000 RFID is easy to fit to replace an existing cam lock, or fit to a new locker or cabinet that does not have an existing locking device. The lock will perform up to 15,000 openings on just two AAA batteries.

Private Function

This is intended for use where there is a single user. Up to 50 individual MIFARE™ cards can be registered on the lock and only those registered cards can continue to unlock that lock. The Master User Card is used to open a lock, register a new User Card and remove a User Card. The Technician Card is not available in this function. Dedicated and existing MIFARE™ cards can be used, no need to purchase new smart cards.

Public Function

Suitable for short-term use by different users. Touch a MIFARE™ smart card to lock the lock and then use the same card to unlock the lock, leaving the lock in that unlocked state for any other compatible card to be used. Pre-registration of the card is not required and any new or existing MIFARE™ card, fob or wristband can be used. Suitable for use in short-term multi-occupancy applications such as leisure centres, spas and hotels.

Go Keyless. Go KitLock.

appLOK S-651 Wifi/Bluetooth Gateway Hub

\$200.10

Control your lock when you are away from home.

appLOK Gateway takes all the Bluetooth Functions of your appLOK Smart Lock and transmits it over Wi-Fi.

appLOK Gateway allows you to control and manage most functions of your appLOK Remotely with a Wi-Fi Connection. You can unlock the appLOK Smart Lock remotely and receive live notifications for when the appLOK is unlock and which unlock code was used. You can delete codes, create codes, set one-off codes and receive a notification when a code is used.

appLOK Gateway is great for those that want to keep an eye on who is coming into your office or home.

appLOK Gateway is also perfect for AirBnB owners: You can set un-lock codes to only work during their stay, and become inactive after their stay.

CL515 MG - Codelock CL515 Marine Grade Tubular Mortice Latch With Code Free Entry Option

\$726.51

The Marine by Codelocks range features a selection of locks that have been specially enhanced to withstand harsh outdoor environments and coastal applications. Reliable and durable, the marine grade black finish has proven to be resistant against moisture and salt spray, following rigorous salt spray testing for up to 1000 hours*.

Medium duty tubular mortice latch with 'anti-shim' plunger. Latch retracts by turning inside handle freely, or the outside handle after code input. The CL515 model provides a Code Free option. The outside lever will retract the latch freely until disabled.

KL1000 G3 - KitLock Locker Lock

\$241.50

The KL1000 G3 is a compact digital lock offering key override, front battery change, 24hr countdown timer* and up to 20 User Codes.

Applying advanced technology to our core products.

Introducing the KL1000 G3; designed through evolution of our best-selling KitLock, the KL1000, and boasting all popular features of the KL1000 Classic+ including 20 User Codes and 24hr countdown timer.

KitLock by Codelocks is a convenient alternative to traditional locks and keys suitable for a wide range of cabinet and locker applications. The KL1000 G3's key override and front battery change capabilities provide ease of use and peace of mind. The updated chrome effect back panel and handle finishes reflect their surroundings giving the lock a slimmer, more subtle aesthetic.

Sharing the same fittings & fixings as the KL1000 KitLock this lock is easily retrofitted, ideal for upgrading existing installations with increased flexibility and convenience for both guests and staff.

CLXT1 - PINGuard™ by Codelocks XT1

\$36.42

Suitable for CL100, CL200 and CL2000.

Flexible, high grade polymer weather covers with additional code protection privacy. PINGuard™ by Codelocks' range of covers are now available in three sizes to suit a wide range of Codelocks mechanical and electronic locks. The covers provide additional PIN security whilst also protecting your Codelocks from adverse weather conditions.

Suitable for the CL100, CL200 & CL2000.

The covers are flexible, high grade polymer that fit behind the lock, improving the gasket seal and preventing water ingress making them an ideal external accessory to your Codelocks digital standalone lock.

Protect Your PIN

Keep prying eyes away from your entry code! Add to external and internal doors where the PIN needs protecting from view.

Protect Your Lock

PINGuard™ by Codelocks significantly reduces the effects of water ingress. The added weather protection will extend the life of your lock. Protect the finish, the keypad and overall appearance of your Codelocks product. Small, medium and large PINGuard™ by Codelocks available, suitable for external applications; gates, sheds, out buildings, work sites etc.

CLXT2 - PINGuard™ by Codelocks XT2

PWS-1814E - Protex Electronic Wall Safe

\$1,006.25

This safe is great for personal use at home or office. The PWS-1814E is equipped with a digital keypad for easy operation and maintenance.

Electronic Hidden Wall Safe

This wall safe is an excellent choice for home, office, hotel, dorm or school use. Quick and convenient access, easy programming and can be installed at any height on interior wall. It's very easy to install between 2 wall studs. It comes with a velvet interior for a great plush look and feel. The keypad is flush with the safe's flange, therefore able you to hang a picture over the safe to conceal it from view. The door has a hidden lock to open the safe with a mechanical override key (2 included). This key is used only when batteries are dead or keypad is damaged.

Since this safe is 4" to fit a standard wall between the studs. The safe is using 4x AA batteries and it includes a power override box to be able to power the safe from the outside when the batteries die. The door is spring loaded and will open by itself after the correct code is entered. After entering the correct code the motorized locking bolts will retract automatically and the door will swing open.

FEATURES

- Burglary Resistant wall safe with digital electronic locking system.
- High quality VELVET INTERIOR.
- Motorized locking bolt system will open the door automatically.
- Designed to be installed between 16" o/c wall studs.
- Approximately .44 cubic feet of storage space.
- Key lock override system (2 keys included).
- Power override included.
- Dual live motorized chrome bolts (3/4" dia.).
- Made of heavy duty gauge steel.
- 2 Removable shelves.
- Spring loaded door.
- Flush digital keypad.
- Door thickness is 5/8" formed steel.

- Shelving: 1 x removable.
- Weight(kg): 44.
- Volume(litre): 24.

Dominator DF-2D

Dominator In Floor Safe DF-2D

CONCEALED SECURITY

Beginning with the 5 solid steel locking bolts and 20mm thick solid steel door, the DF-2 has increased security features and a bolt work design that allows more efficient conversion to electronic locking.

The internal capacity increase allows storage of items larger than A4 in size and the door is fitted with a pneumatic assist fitting to enable easy use and operation.

Specifications

- External dimensions: 344mm h x 379mm w x 299mm d
- Internal dimensions: 336mm h x 371mm w x 239mm d
- Weight: 44kg
- Capacity: 29 litres
- Paint finish: Textured black paint
- Locking points: 5
- Bolt down provisions: Poured concrete fixing
- Cash Rating: \$20,000 recommended in unsupported application

Dominator DD-2D

Dominator Tilt Door Deposit Safe DD-2D

TRUE FINANCIAL SECURITY

When access requirements are an obstacle and security is a must, the Dominator Safes® Deposit Series provides the flexibility required to ensure an effective and efficient security solution. With the tilting deposit drawer system and internal lockable compartments, deposits can be made without having to give access to those who don't require it.

Specifications

- External dimensions: 508mm h x 355mm w x 355mm d
- Internal dimensions: 260mm* h x 343mm w x 295mm d (*internal height includes storage area only.)
- Door open width: 640mm
- Door open depth: 680mm
- Weight: 68kg
- Capacity: 26L
- Paint finish: Textured black paint
- Locking points: 3
- Bolt down provisions: 4 internal bolt holes
- Cash Rating: \$15,000 recommended in unsupported application

Dominator DD-3D

Dominator Tilt Door Deposit Safe DD-3D

TRUE FINANCIAL SECURITY

When access requirements are an obstacle and security is a must, the Dominator Safes® Deposit Series provides the flexibility required to ensure an effective and efficient security solution. With the tilting deposit drawer system and internal lockable compartments, deposits can be made without having to give access to those who don't require it.

The DD-3 is the first size to introduce a separate internal compartment that catches the deposited items and stores them separate to the other holdings. This feature allows you to provide staff access to change or other items, without accessing the main cash deposits.

Specifications

- External dimensions: 686mm h x 508mm w x 508mm d
- Internal dimensions: 420mm* h x 496mm w x 452mm d (*internal height includes storage area and 180mm for lockable compartment.)
- Door open width: 950mm
- Door open depth: 970mm
- Weight: 138kg
- Capacity: 94L
- Internal Fittings: 1 adjustable shelf and key lockable deposit compartment
- Paint finish: Textured black paint
- Locking points: 3
- Bolt down provisions: 4 internal bolt holes
- Cash Rating: \$15,000 recommended in unsupported application

Dominator PS2D

Dominator Plate/Pistol Safe PS2D

COST EFFECTIVE GUARD

A sleek but intimidating design, that provides exceptional security where fire resistance isn't required. Adaptable to any of the locking platforms easily and fitted with secondary relocking devices as standard. More than 40kgs of solid steel used in construction and along with the 4 prefabricated mounting holes, allows a highly effective installation.

Specifications

- External dimensions: 315mm h x 315mm w x 360mm d
- Internal dimensions: 300mm h x 300mm w x 265mm d
- Door open width: 578mm
- Door open depth: 623mm
- Weight: 41kg
- Capacity: 24L
- Internal Fittings: 1 adjustable shelf
- Paint finish: Textured black paint
- Locking points: 2
- Bolt down provisions: 4 internal bolt holes
- Cash Rating: \$15,000 recommended in unsupported application (Suitable for Class H firearm storage in accordance with the relevant Australian State regulations.)

Dominator DS5D

Dominator DS-5D Safe with Digital Lock

The Dominator Safes® DS Series safes are the only Australian designed safe to achieve the CNS 105 minute fire resistance certification as well as the Underwriters Laboratories UL-RSC Burglary Resistance certification, making them the market leader in fire and theft protection safes.

- Shelving: 1 x removable.
- Weight(kg): 44.
- Volume(litre): 24.

Second hand safes

An assortment of second hand/refurbished safes for sale.

Chubb Record Protection - 3 drawer filing cabinet

Construction: Chubb files are constructed so that the internal temperature remains below the critical 177 degrees C, even though the external temperature may be a searing 925 degrees C or thereabouts. They are also designed to withstand damage after a fall of nine metres on to building rubble - a fall consistent with collapsing floors.

Tongue and groove closure: This type of fitment between the body and the drawer front prevents flame from penetrating.

Drawer slides; The special Chubb suspension slides with nylon roller action have been constructed to give many years of silent service. The double action slides allow each drawer to be pulled clear of the body enabling you to make full usage of the drawer space.

Locking: Each drawer of the Record Protection file has a single point spring day catch which immediately secures it after has been shut. Locking can be controlled by one or more keylocks giving several alternatives of individual or combined controls.

Finish: The body is attractively finished in a high quality 'Chubb Brown' lacquer with the drawer front a 'Drift-wood' lacquer.

External Dimensions: 1370 mm (H) x 534 mm (W) x 850 mm (D).

Internal Dimensions: 364 mm (H) x 394 mm (W) x 670 mm (D).

Approx capacity: 273 cu.m.

Approx net weight: 279 kg.

As this is a large item please contact for the arrangement of shipping.

Please view our trademe listing for this item if you wish to purchase!

[Trademe Listing](#)

Chubb Commerce Safe

Resists - explosives, drilling, force, fire.

Body: The overall thickness of the body is 82 mm. Solid fire resisting material is enclosed between the outer and inner steel body casing.

Door: The door is 95 mm thick with hardened plate protecting all vital parts of the locking mechanism and boltwork, The door is designed to resist forcing tools, and incorporates a fire resisting chamber.

Boltwork: The door is secured by three heavy 25 mm diameter steel bolts on the front edge and a fixed bar which fits behind a full length rebate on the hinge side.

Locking: Key locking.

Fittings: Shelves.

External Dimensions: 1086 mm (H) x 680 mm (W) x 680 mm (D).

Internal Dimensions: 914 mm (H) x 508 mm (W) x 483 mm (D).

Approx. Cubic Capacity: 227 L's

Weight: Approx net weight is 787.3 kg's.

As this is a large safe please contact first for arrangement of shipping.
