# ABLOY® INOXI HANDLE SETS WITH EN179 APPROVAL FOR ABLOY® EL520 AND EL560/561 LOCKS

**ABLOY INOXI 3-19/012/120 PZ+BL**

**ABLOY INOXI 3-19/012/120 PZ+PZ**

**ABLOY INOXI 3-19/012 PZ+PZ**

**ABLOY INOXI 3-19/012 PZ+BL**

The new **ABLOY**® fittings equipped with long plates have been designed for use with **ABLOY**® EL420/EL520 and **ABLOY**® EL460/EL560 locks. This selection includes solutions for both solid and profile doors. On the broader plate suitable for solid doors, the distance between the holes is 72 mm, and on the narrower plate designed for profile doors, it is 92 mm. Both a normal and a split spindle can be used with the fittings.

The fittings can be equipped with a pair of handles or a combination of a handle and a pull/push handle. They are made of stainless steel, and the design of the plates follows modern trends. Five different handle types are available.

The fittings have been tested according to EN standards, and with handle 3-19, they are approved for use according to standard EN179. They have also been tested and approved for use on fire doors according to standard EN1634-1.
