

KeySafe Original (Strongbox) key storage

Overview

The KeySafe Strongbox provides convenient, managed access to stored keys (max. 5). The Strongbox design has a solid track record for unmatched quality and security in residential and small business applications.

The code can be changed anytime for added security.

A neoprene rubber protective cover is also available to prevent water intrusion and to hide out of sight.

Construction

The KeySafe Strongbox is made of a non-corrosive alloy with a White or Clay powder-coat finish.

Installation

Four screws are included for mounting securely to a wall or flat surface.

Operation

- Slide the "CLEAR" button down to reset the buttons.
- Push the appropriate combination code.
- Press down the "OPEN" switch and remove the lid.
- After use of the key, enter the code again, press down the "Open" button and place the lid back.
- Release the "Open" button and the lid will be locked.

Applications

Residential applications: children get home, unattended servicing, spare keys, more secure storage of hidden keys, emergency entry, vacation homes, . . .

Business applications: alarm & emergency entry, office keys, access on construction sites, home healthcare access, property management, remote sites, . . .

Standard Features

- Easy-to-use
- Strong tapered design
- Change combination as often as needed.
- 1024 possible combination codes
- Holds up to 5 keys
