

Decription

The PROTEX HD series safes are all equipped with the latest technology in Electronic Digital safe locks. These safes are designed for ease of use, security and practicality at an affordable price. PROTEX safes give you peace of mind that your valuables are safe and secure. The doors are made from heavy solid plate steel to prevent from prying the door with a crowbar. The adjustable felt lined shelving can hold documents, passports, valuables, and more. The digital lock is using 4 AA batteries which will last for a few years (under normal use) before replacement is needed.
