

BG-20 Protex Hotel/Laptop Safe

Description

- An electronic safe at the perfect size to keep your laptop, paperwork, and other small items protected.
- Features an easily reprogrammable user code for short-term users, and a more secure master code for managers and owners.
- Comes with an external battery that is connectable from the outside to provide battery power if you've let the internal batteries run low, and a manual override key for use in emergencies.
- Has an LED display for ease of use, with the optional ability to program the keypad to prevent your numbers from displaying for extra security.

(Note: colour may vary from picture)
